Personalized CDs

"The personalized CDs are on constant rotation in the car. We bounce back and forth from Jasper's to Huck's and they sing-a-long to every song! Every time Jasper hears his name he laughs like it was the first time. It is so cute!" Kimberley Williams & Brad Paisley

"Can I just say BRILLIANT! Love the CD's for Jalen and Journey! The first time I played Jalen's CD and he heard his name in the songs... His face just lit up!!!! Count me in as a loyal customer. It's such a fun and personal gift." Taboo (Black Eyed Peas)

"WOW! My daughters LOVE their Name Your Tune CD's! I think your product is clever, cute, educational and unique. You made my two baby girls feel so special to hear their very own names in their favorite songs. I hope you sing your way into every child's heart." Alicia Coppola

"I just wanted to let you know that Sloane is absolutely addicted to her personalized cd. I don't know how, but she has already memorized every song! Every time we get in the car she asks for them in her own special order and every time they say her name she yells out, "He said Sloane!" It has made riding in the car a LOT more attractive to all of us!!" Sandy and Rob Corddry

"Thank you for helping my daughter Kate celebrate her 2nd birthday with adorable personalized CDs! We love them and Kate requests it daily so she can dance and sing along!" Brooke Anderson

Candace Alper, Creator/Executive Producer

"Thank y'all so much for the sweet CD! I'm sure I'll know all the songs by heart pretty soon! Maddie adores them and I appreciate it dearly." Jamie Lyne Spears
